Message from the Detachment Commander

I am pleased to present the Hawkesbury Detachment - 2025 Detachment Board Annual Report. This report includes crime, traffic enforcement and community well-being data, and highlights initiatives and successes from the past year. 2025 was the last year of the 2023-2025 Hawkesbury Detachment Action Plan and this report will provide a final update and progress results from that plan.

I am proud of the work undertaken by our detachment.

In 2025, we remained committed to traffic safety, with a continued focus on enforcement of the Highway Traffic Act (HTA), resulting in 3,405 charges laid. We consistently leveraged technology such as Body-Worn Cameras, In-Car Cameras, and Automated Licence Plate Recognition (ALPR) to support evidence collection, increase transparency, and enhance both public and officer safety.

We worked collaboratively with community partners, including Hawkesbury General Hospital, through our highly effective Mobile Crisis Response Team (MCRT). This partnership enables us to respond more effectively to the growing number of mental health related calls, ensuring that individuals in crisis receive appropriate care and support from the right services at the right time.

Supporting victims remains a priority. We continued to strengthen our efforts by connecting individuals with local resources, and our partnership with Victim Services remains strong and impactful.

We also remained dedicated to the development and well-being of our members by supporting participation in conferences, training initiatives, and wellness opportunities, ensuring a skilled, resilient, and healthy workforce.

In 2026, we will release our new 2026-2029 Hawkesbury Detachment Action Plan. This is the first action plan developed under the *Community Safety and Policing Act* (CSPA). We are working closely with our Hawkesbury OPP Detachment Board and engaging with community members to ensure the needs of our communities are reflected in the commitments we make for the next four years.

Development of the 2026-2029 Hawkesbury Detachment Action Plan will coincide with the creation of the 2026-2029 OPP Strategic Plan creating organizational alignment.

As we look ahead to emerging challenges and new opportunities in policing and community safety, our detachment members remain committed to our mission to serve our communities, protect our citizens, uphold the law, and preserve public safety.

Gauthier, ANNE-CHRISTINE
Detachment Commander
Hawkesbury Detachment

Summary of Commitments

Through analysis and consultation, the following areas of focus were identified for the years 2023-2025.

Crime	Roadways, Waterways and Trails	Community Well-Being
Employ a victim-centered approach to investigations to ensure victims of intimate partner violence (IPV) are provided available supports from community and government agencies. To address and prevent property crime in our communities. To reduce victimization from sexual violence and human trafficking in our communities.	To sustain a continuous and year-round focus on the causal factors of collisions for motorized vehicles, all-terrain vehicles (ATV), motorized snow vehicles (MSV) and vessels. To prevent, reduce and eliminate serious incidents, collisions and deaths on our waterways. To reduce the number of impaired drivers on our roadways.	To identify co-response solutions for non-police related demands for services that impact police resourcing. To develop Transfer of Care (TOC) protocols with the Prescott and Russell Paramedic Service and the Hawkesbury General Hospital. To streamline collision reporting by implementing a Collision Reporting Centre (CRC) at the Hawkesbury Detachment. Establish a new partnership with the Hawkesbury Black, Indigenous, People of Colour (BIPOC) community and new Canadians.

2025 Crime Progress Results

Commitment	Progress Results
Employ a victim-centered approach to investigations to ensure victims of intimate partner violence (IPV) are provided available supports from community and government agencies.	The OPP has established a Detective Constable position dedicated to the oversight and review of all IPV occurrences. This role provides direct support to frontline officers by reviewing each IPV incident at the detachment level to ensure investigations are thorough, consistent, and victim-focused. The Detective Constable also liaises closely with local community partners and service providers to ensure individuals affected by IPV are connected to the appropriate supports and resources in a timely manner. In addition, all officers received specialized training to enhance their ability to recognize, prioritize, and effectively manage IPV related investigations. This training ensures a consistent, trauma-informed approach while reinforcing our commitment to victim safety, accountability, and high-quality investigations.
To address and prevent property crime in our communities.	Members actively targeted property crime through directed patrols, crime analysis, and intelligence-led investigations, with a focus on high-risk locations, repeat offenders, and peak times for offences, such as break and enters, thefts, vehicle-related crimes, and arson occurrences. In response to an increase in arsons within the Town of Hawkesbury, the detachment implemented focused, criminal-led investigations, utilizing intelligence gathering, surveillance, technology, and inter-unit collaboration. These targeted efforts resulted in several arrests, demonstrating our commitment to addressing serious property crimes and holding offenders accountable. The use of Automated Licence Plate Recognition (ALPR), In-Car Cameras, and Body-Worn Cameras further strengthened investigative outcomes and evidence collection.
To reduce victimization from sexual violence and human trafficking in our communities.	The Hawkesbury Detachment works closely with Victim Services and the United Counties to reduce victimization from sexual violence and human trafficking through education, prevention, and community outreach. Members deliver information sessions and school presentations to raise awareness, promote early reporting, and connect individuals with available supports and resources. The OPP also has a unit specialized in human trafficking to help, engage and support our local officers.

2025 Roadways, Waterways and Trails Progress Results

Commitment	Progress Results
To sustain a continuous and year-round focus on the causal factors of collisions for motorized vehicles, all-terrain vehicles (ATV), motorized snow vehicles (MSV) and vessels.	Hawkesbury continued to be highly engaged in traffic enforcement throughout the year. In addition, we maintained a strong marine enforcement program, ensuring our waterways were regularly patrolled during the summer season. During the winter period, members deployed motorized snow vehicles to patrol recreational trails, maintaining a visible presence year-round.
To prevent, reduce and eliminate serious incidents, collisions and deaths on our waterways.	We have dedicated a Traffic Enforcement Officer to our detachment, whose primary focus is directed and targeted local enforcement. These efforts are aimed at preventing, reducing, and eliminating serious incidents, collisions, and fatalities on our waterways. In addition, we have an officer certified in Commercial Motor Vehicle (CMV) inspections who works collaboratively with our Ministry of Transportation (MTO) partners in a targeted enforcement approach to reduce collisions and serious incidents involving commercial vehicles.
To reduce the number of impaired drivers on our roadways.	Hawkesbury officers have arrested individuals and laid 83 impaired driving charges within our area. This sends a strong and unequivocal message that impaired driving will not be tolerated. These enforcement efforts demonstrate our continued commitment to road and marine safety, serving as a deterrent to risky behaviour, and reinforcing the importance of responsible decision-making to protect the safety of all road users and community members.

2025 Community Well-Being Progress Results

Commitment	Progress Results
To identify co-response solutions for non-police related demands for services that impact police resourcing.	Designated members have been strategically assigned to manage non-police-related demands and administrative-style matters. These members play a key role in assessing calls for service and redirecting matters to the appropriate community, social, or support resources when police attendance is not required. This approach supports efficient use of frontline resources while ensuring the public continues to receive timely and appropriate service.
To develop Transfer of Care (TOC) protocols with the Prescott and Russell Paramedic Service and the Hawkesbury General Hospital.	The development of TOC protocols with the Prescott and Russell Paramedic Service and the Hawkesbury General Hospital is currently underway. This initiative remains an active priority and is being advanced through ongoing collaboration with our health-care partners.
To streamline collision reporting by implementing a Collision Reporting Centre (CRC) at the Hawkesbury Detachment.	Our CRC continues to streamline collision reporting processes in an effort to minimize unnecessary member attendance at scenes, allowing resources to be focused where they are most needed.
Establish a new partnership with the Hawkesbury Black, Indigenous, People of Colour (BIPOC) community and new Canadians.	The Hawkesbury Detachment has continued its partnership with the local BIPOC community and new Canadians. Members have actively participated in numerous community activities and engagement initiatives, reinforcing trust, inclusion, and collaborative relationships.

Other Community Updates

The Hawkesbury Detachment routinely seeks and receives feedback from community members regarding their expectations and overall satisfaction with policing services in the community. The detachment has received numerous positive comments, including notes and letters, expressing appreciation for member professionalism, community engagement, and the visible presence of officers throughout the area.

Officers remain highly engaged within the community, particularly with local youth. Members regularly participate in youth-focused activities designed to build trust, foster positive relationships, and strengthen community connections.

In addition, officers maintain a visible and proactive presence within local schools, further supporting engagement efforts and reinforcing community confidence in policing services.

Policing Hours

The OPP has developed a Service Delivery Model (SDM) in response to several reviews and audit recommendations. The SDM is designed to:

- Promote officer wellness through balanced workloads
- Determine adequate staffing levels at each detachment
- Ensure the continued delivery of adequate and effective policing services in accordance with the *Community Safety and Policing Act (CSPA)*

To support SDM implementation, the OPP is undertaking a multi-year staffing strategy to address required increases in detachment personnel. This model supports the OPP’s ability to:

- Respond effectively to increasing calls for service
- Maintain safe communities through proactive patrols and community engagement
- Meet municipal expectations for police visibility

To monitor progress and guide detachment-level planning, the OPP has established time allocation targets for provincial constables (Figure 1). These targets reflect how time should ideally be distributed by the end of the SDM staffing strategy.

The targets are based on a provincial average, and variations are expected between detachments due to differences in geography, operational structure, recruitment and leave of absence rates.

Detachments may face challenges in achieving these targets, but progress is expected as scheduling, data quality and strategic deployment continue to improve.

9-1-1 is for emergencies only: If there is an immediate risk to someone's life or property.

- ✓ a crime in progress
- ✓ a fire
- ✓ a life-threatening medical emergency

Dialed 9-1-1 accidentally? #Be911Ready. Don't hang up, stay on the line and speak with an OPP Communicator to confirm there's no emergency.

The misuse of 911 ties up emergency lines, communicators and officers, which can result in a slower response to a real emergency and risks the safety of people who may need urgent help.

It is against the law to call 9-1-1 as a joke. Prank 9-1-1 calls can be dangerous and waste valuable emergency resources.
