Message from the Detachment Commander

I am pleased to present the Hawkesbury Detachment – 2024 OPP Detachment Board Annual Report. This report includes crime, traffic enforcement and community well-being data, and highlights initiatives and successes from the past year. 2024 represents the midway point of the Hawkesbury Detachment 2023-2025 Action Plan and this report provides updates on our progress in meeting our Action Plan commitments.

I am proud of the work undertaken by our detachment. In 2024, we saw an increase in stolen motor vehicles in our communities and determined that those stolen cars and trucks were utilizing our highways to get to their destination. We therefore utilized strategies to intercept the thieves safely to deter the crimes and recover the property for the owners. Technology, like our in-car cameras, automated licence plate recognition and body worn cameras, was utilized to support the collection of evidence, increase transparency and enhance public and officer safety during those interventions. We worked alongside our policing partners in Quebec and participated in Operation Volcano, a cross-jurisdictional initiative that yielded successful results in arresting 34 individuals wanted for failing to appear in court for auto theft charges laid in Ontario, who were residing in Montreal.

We maintained our commitment to traffic safety and prioritized Reduce Impaired Driving Everywhere (RIDE) checks to intercept impaired drivers and deter the behaviour. Multiple other offences were observed during our initiatives, including possession of drugs for the purpose of trafficking. Furthermore, our dedicated team of Community Street Crime Unit detectives investigated property crimes and local drug related offences to ensure safe communities.

We continued our established partnership with the Hawkesbury General Hospital to keep our Mobile Crisis Response Team (MCRT) dedicated to responding to mental health related calls for service and to conduct follow up visits with their clients. The team strives to limit the time spent by officers at the emergency department with the people in need and ensure that those same individuals get the appropriate assistance and services they require.

Our Community Safety and School Resource officer, along with auxiliary officers and patrol officers attended numerous community and school events throughout the year to promote community safety and well-being.

Our leadership team at the Hawkesbury Detachment is committed to our employees' wellness, support and development. We take care of our people who care for our communities.

In 2025, we will be working with the Hawkesbury OPP Detachment board to form the 2026-2029 Hawkesbury Detachment Action Plan. This work will include engaging with community members to ensure the needs of the communities we serve will be reflected in the commitments we make. Development of the 2026-2029 Hawkesbury Detachment Action Plan will coincide with the creation of the 2026-2029 OPP Strategic Plan to ensure organizational alignment and support.

The Hawkesbury Detachment – 2024 OPP Detachment Board Annual Report begins to bridge the gap between *Police Services Act* (PSA) and *Community Safety and Policing Act* (CSPA) reporting requirements. In collaboration with relevant OPP program areas, working groups and the Hawkesbury

OPP Detachment Board, this report will continue to develop in the years to come to include content from the OPP Detachment Board Chair(s) and additional data and updates from the OPP.

From detachment administrative staff to frontline uniform members to specialty units to supervisors, our members continue to serve with pride, professionalism and honour. As we anticipate future challenges and opportunities for policing and community safety, we remain dedicated to our mission of serving our communities by protecting citizens, upholding the law and preserving public safety.

Acting Inspector Dominic Lalonde
Interim Detachment Commander
Hawkesbury Detachment

2024 Crime Progress Updates

Commitment	Progress Update
Employ a victim-centered approach to investigations to ensure victims of intimate partner violence (IPV) are provided available supports from community and government agencies.	A new Detachment Abuse Issues Investigator (DAII) position was created to review all intimate partner violence investigations. The assigned detective ensures that a victim centered approach is utilized during every interaction with victims.
To address and prevent property crime in our communities.	Officers and detectives continue to respond to property crime occurrences, and more auxiliary officers were hired to assist.
To reduce victimization from sexual violence and human trafficking in our communities.	The detachment has a continued partnership with Prescott-Russell Victims Services who dedicate resources and personnel towards this cause.

2024 Roadways, Waterways and Trails Progress Updates

Commitment	Progress Update
To sustain a continuous and year-round focus on the causal factors of collisions for motorized vehicles, all-terrain vehicles (ATV), motorized snow vehicles (MSV) and vessels.	Consistent patrol hours were logged by patrol officers on our roadways, with the assistance of a dedicated traffic management officer, to reduce collisions and focus on causal factors contributing to those.
To prevent, reduce and eliminate serious incidents, collisions and deaths on our waterways.	A robust marine plan was established and followed with the assistance of our neighboring detachment, ensuring our presence on the waterways.
To reduce the number of impaired drivers on our roadways.	Officers continuously engage in RIDE checks that yield positive results in enforcement and deterrence of impaired driving.

2024 Community Well-Being Progress Updates

Commitment	Progress Update
To identify co-response solutions for non-police related demands for services that impact police resourcing.	Our Mobile Crisis Response Team has responded to mental health related calls for service while on duty and completed a number of follow-up events following police attendance, in partnership with the Hawkesbury General Hospital staff.
To develop Transfer of Care (TOC) protocols with the Prescott and Russell Paramedic Service and the Hawkesbury General Hospital.	Hawkesbury Detachment continued to operate under the established transfer of care protocols. Discussions to develop a new protocol will start in 2025.
To streamline collision reporting by implementing a Collision Reporting Centre (CRC) at the Hawkesbury Detachment.	Hawkesbury Detachment has been identified as a Collision Reporting Centre since 2023. Citizens can attend the detachment to obtain a collision report during office hours. An officer is assigned to complete the report as they come in.
Establish a new partnership with the Hawkesbury Black, Indigenous, People of Colour (BIPOC) community and new Canadians.	An evening event was organized in partnership with the Town of Hawkesbury for new Canadians. It was well attended, and multiple questions were answered in relation to the services offered by the local detachment and the law in general.

Other Community Updates

An auxiliary officer recruitment campaign aimed at attracting community members to volunteer in contributing to our community safety and crime prevention efforts was launched in 2024. Multiple hours were logged by our auxiliary officers who attended fundraisers such as the foodbank annual food drive at our local grocery stores. They also ventured out in our business parking lots under the “lock it or lose it” campaign, aimed at preventing thefts from unlocked vehicles.

Based on current crime trends and at the request from the community, our community safety officer provided education to local banking employees on recognizing signs of fraudulent activities to protect their customers and the community at large. Our school liaison officer attended the schools in the detachment area to meet with the children, teachers and even parents to educate them and prevent them from becoming victims of cyberbullying and child pornography. A lecture about the sharing of intimate photos was well received by parents who later commented on the OPP media portal about the benefits of the presentation. Impaired driving was also discussed with high school students. Building relationships with youth and providing them with information about the issues they are encountering often are essential aspects of community safety and well-being.

Hawkesbury Detachment continued to engage with diverse groups and organizations in our area to build relationships and promote community safety and well-being. In 2024, blankets were donated by residents that were later distributed to our homeless population by our Mobile Crisis Response Team. Detachment officers also often stopped by the warming center this past winter to ensure that the space was safe for all users and for the Prescott-Russell Victims Services employees providing their services overnight at the shelter.

In partnership with the Town of Hawkesbury, Hawkesbury OPP officers who occupy different roles such as patrol officer, community street crime unit detective and management organized a presentation for new citizens. The intent of the presentation was to educate the newly arrived citizens of the rules and laws in Canada, the use of 9-1-1 and the role of police officers. The personal interaction between the officers and the families who attended opened the door to establish relationships based on trust and inclusivity.

Based on feedback received from our community members requesting more foot patrol by officers in their community, the Hawkesbury Detachment invested in training officers to utilize bicycles to conduct community patrols. The members were able to launch the program by riding the streets and parks during the July 1st celebrations and are planning on attending more events in the future!

Policing Hours

The OPP has developed a Service Delivery Model (SDM) in response to several reviews and audit recommendations. The SDM is designed to:

- Promote officer wellness through balanced workloads
- Determine adequate staffing levels at each detachment
- Ensure the continued delivery of adequate and effective policing services in accordance with the Community Safety and Policing Act (CSPA).

To implement the SDM, the OPP has submitted a seven-year staffing strategy to address required increases in detachment personnel. This model supports the OPP’s ability to:

- Respond rapidly to increasing calls for service
- Maintain safe communities through proactive patrols and community engagement
- Address municipal concerns about reduced police visibility

To monitor progress and guide detachment-level planning, the OPP has established time allocation targets for provincial constables (figure 1). These targets reflect how time should ideally be distributed by the end of the seven-year strategy.

The targets are based on a provincial average and variations are expected between detachments due to differences in geography, operational structure, recruitment and other absences.

In the short term, detachments may face challenges in achieving these targets. Continued improvements in scheduling tools, data integrity, and strategic deployment will support progress toward these goals.

REPORT AN INCIDENT ONLINE

You have the option to report select occurrences to police from the convenience of a computer.

You can use this system to report:

- Mischief / Damage to Property Under \$5,000
- Mischief / Damage to Vehicle Under \$5,000
- Theft from Vehicle Under \$5,000

Do not use this system if this is an emergency! If it is, call 9-1-1.

9-1-1 is for police, fire or medical emergencies only.

Accidental, hang-up or abuse of 9-1-1 calls tie up emergency lines, communicators and officers which could result in the slower response to a real emergency, risking the safety of people who need urgent help.

#KnowWhenToCall

If you've dialed 9-1-1 in error, stay on the line. Your call will be connected to police. Answer all questions asked by the communicator. This eliminates a lengthy follow up process that may lead to officers attending your location to ensure your safety.
